Brazilian family farming's organic and sustainable products

Brazilian family farming growth in domestic and international market

The potential for insertion in domestic and international markets is significant, and family farming relies on substantial support from the Brazilian Government to seek commercial partnerships aimed at exporting its products.

BRAZILIAN FAMILY FARMING: *BRAZILIAN SOCIAL FOOTPRINT*

A growing, sustainable economy is the goal of every nation in the world. Having a diverse economy, one based on a wide range of profitable sectors, plays a key role in a sustainable economy. There is a strong link between diversity and sustainability. This Seminar wishes to show an overview of the rich Brazilian socio-biodiversity and the business opportunities that Brazilian family farming is ready to offer.

Uma economia crescente e sustentável é a meta de todas as nações do mundo. Uma economia diversificada, baseada em vasto leque de setores rentáveis é fundamental para uma economia sustentável. Há uma forte ligação entre diversidade e sustentabilidade. Este Seminário busca mostrar um panorama da rica sócio-biodiversidade do Brasil e as oportunidades de negócios que a agricultura familiar do Brasil está pronta para oferecer.
